

Omni-directional antenna 2.4 GHz WLAN

Outdoor omni-directional N-female connector antenna

Key features:

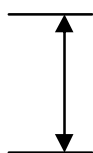

- Gain 6 dBi
- Commonly used 50Ω impedance
- Suitable quick-pipe set mounting
- Uniform radiation pattern

Application areas:

- Wireless local area networks IEEE 802.11 b/g

Technical specifications:

Type	Omni-directional
Frequency range	2400 – 2485 MHz
Impedance	50Ω
VSWR	≤1,7:1
Gain	6 dBi
Beam width vertical / horizontal	40° / 360°
Polarization	linear, vertical
Connector	N-female
Length / diameter	530 mm / 20mm
Colour	grey

10 cm
Mounting area
